Ubering: the "Rideshare" Story Rafael Fermoselle 2019-12-22 There are a few creations that have become "products," because they became dominant in the market, and synonymous with an entire product category. Genericized names include Frigidaire, which became synonymous with "refrigerator," Xerox, which became synonymous with "photocopying," and Kleenex, which became synonymous with "tissues." That has been the case with Uber, which has become identical with "rideshare." Despite rapid growth since 2010, Uber has not become profitable, is carrying a cumulative loss of over $15 billion, as of November 2019, and it is doubtful if it will ever become profitable. Despite becoming an "eponym," a key component of the gig economy, and inspiring numerous copycats, there is no guarantee that Uber will be able to generate an adequate return on investment, and remain in business. The concept has fatal flaws that impair its legal soundness. In the end, consumers and society determine if any business succeeds or fails. Government regulations are largely non-partisan, and exist to protect society, the general welfare, and the free enterprise system. Uber and the ride-share concept may be plowed under by regulations that exist to protect the public interest. However, regulations sometimes backfire and cause unintended consequences.

Bible Secret Ron Bain 2005-08-01 Last few days of the world's civilizations.The texture is that of diamonds, infinitely solid, incomprehensible in its hardness. The color is a dark blue. A deep plateau stretches out in every direction. There stands an individual, a figure of a human. Tall beyond dimensions, (He is) clothed in light. His shoulders are broad. His feet seem as blocks. His hands appear gentle. His face reveals no features. The eyes are felt rather than seen. Surrounding the light that clothes Him is an aura of light blue. Behind Him a deep blue goes back forever. He is the Beginning and the End and has decided the moment when time shall stop. " The rebuilding of the Temple is the key to all of it. The actual events like the war in Iraq, the 11th September, the terror all over the world and the campaign of the UN and other powers in the world to take Jerusalem and parts of the Biblical land of Israel are actually the opening stages of the end time war and all of it is focused on Israel and Jerusalem as G-d shared with us in prophecy."The Temple Mount and Land of Israel Faithful Movement Published: April 2003.
Hitchiker's Douglas Adams 2011-10-07 Het Transgalactisch Liftershandboek (Engels: The Hitchhikers Guide to the Galaxy) is een komisch sciencefictionfranchise bedacht door Douglas Adams. Het begon als een radiohoorspel van twaalf afleveringen, voor het eerst uitgezonden in 1978 door BBC Radio, daarna door de BBC World Service. In 1981 werd er een zesdelige televisieserie gemaakt. Al snel volgden andere media, waaronder een computerspel, drie toneelbewerkingen, negen graphic novels, een speelfilm en heel veel merchandise. De boekenserie was echter het succesvolst: tussen 1979 en 1992 verschenen vijf delen van de reeks. In 2008 kreeg auteur Eoin Colfer toestemming van de weduwe van Douglas Adams om de reeks af te maken met een zesde deel dat dit jaar in het Nederlands verschijnt: En dan nog iets...

 The EDCF Guide to Digital Cinema Production Lars Svanberg 2013-06-26 A professional introduction to the end-to-end process of digital filmmaking! The EDCF Guide to Digital Cinema Production sheds light on the ongoing and confusing transition from analog to digital technology in film production. In addition to a complete analysis of technical concerns, this text deals with a number of issues where European and Hollywood priorities differ. It adds fuel to the discussion on "Photo-Chemical Fundamentalism" and the future of traditional film-based cinematography. With special emphasis on new HD production techniques for the big cinema screen, this guide is the one and only resource available from a European perspective. The EDCF Guide to Digital Cinema Production provides film professionals and decisions-makers in European cinema with an excellent basis for discussions on how to handle the transition from analog to digital technology. Look no further for: * Several production case studies, among them Ingmar Bergman's last film "Saraband" (2003) and Lars von Trier's "Dogville" (2003). * Surveys of HD Systems & Cameras and "The 37 MFAQ on HD Production." * Expert reports on Audio Recording for HD and the Digital Intermediate Process. * Detailed European initiatives in Digital Cinema. * An up-to-date survey of the problematic standards situation for Digital Cinema. * A comprehensive look at archiving - the "Achilles Heel" of digital production. * The pros and cons of producing feature films digitally - a unique and professional view of "the agony and ecstacy." Editor-in-Chief Lasse Svanberg is a founding member of EDCF. He was DoP on 14 feature films 1966-81, founded TM (Technolgy & Man) Magazine at the Swedish Film Institute in 1968 and was its Chief Editor until 1998 He was elected Fellow of BKSTS 1979, Fellow of SMPTE 1995 and granted Professor's title by the Swedish Government 2002. He is the author of six books on the history and possible future of film, video and television. The European Digital Digital Cinema Forum (EDCF) was constituted in June 2001 as joint Swedish-British-French effort to establish a European forum for discussions, information exchange and industrial activities in the field of Digital Cinema. This project was initiated because digital production, digital distribution and digital exhibition of film is the most radical technical change facing the film industry since sound film was introduced.

 The Complete Idiot's Guide to Life After Death Diane Ahlquist 2007 A belief in the afterlife - what happens to the spirit, the essence of a person and personality after the body ceases to be - is common to almost every faith and culture the world over. Even people who don't ascribe to a religion or consider themselves spiritual share a fascination in life after death; they may just look at it in a different way. Some will wonder about the existence of heaven or hell; others believe they've seen "dead people," especially those who have been close to them in life; others look for answers to the question "What will happen to me when I die?" In The Complete Idiot's Guide to Life After Death, author and intuitive Diane Ahlquist shares her own knowledge of the subject, as well as the opinions of religious and spiritual leaders and others, like Edgar Cayce and the Dalai Lama, who have long spoken about the possibility and the experience of the afterlife.

Over tirannie Timothy Snyder 2017-03-08 Direct na de Amerikaanse verkiezingen in november 2016 stelde historicus Timothy Snyder een lijst op van twintig aanbevelingen die van belang zijn als de democratie wordt bedreigd. Hij plaatste deze lijst op zijn Facebookpagina en het bericht ging direct viral. In Over tirannie werkt Snyder deze twintig lessen uit met concrete voorbeelden uit de geschiedenis. Hij waarschuwt ons dat wij niet wijzer zijn dan de Europeanen in de twintigste eeuw, die hun democratieën zagen zwichten voor fascisme, nazisme en communisme: bewegingen waarin één leider of één partij uitdrukking gaf aan de stem van het volk en beloofde de burgers te beschermen tegen bedreigingen van buitenaf. Ook in de huidige tijd lijkt het voortbestaan van de liberale democratie op het spel te staan. Niet eerder was de geschiedenis van de vorige eeuw zo actueel. Een voordeel is dat we kunnen leren van ervaringen uit het verleden om de opmars van tirannie te stuiten. TIMOTHY SNYDER is hoogleraar geschiedenis aan Yale University. Hij publiceerde de invloedrijke boeken Bloedlanden (2011) en Zwarte aarde (2015). In januari 2017 hield hij in Amsterdam de Nooit Meer Auschwitz-lezing.

Grendel's Guide to Love and War A. E. Kaplan 2017-04-18 The Perks of Being a Wallflower meets Revenge of the Nerds in this tale of a teen misfit who seeks to take down the bro next door, but ends up falling for his enemy's sister and uncovering difficult truths about his family in the process. Tom Grendel lives a quiet life—writing in his notebooks, mowing lawns for his elderly neighbors, and pining for Willow, a girl next door who rejects the "manic-pixie-dream" label. But when Willow's brother, Rex (the bro-iest bro ever to don a jockstrap), starts throwing wild parties, the idyllic senior citizens' community where they live is transformed into a war zone. Tom is rightfully pissed—his dad is an Iraq vet, and the noise from the parties triggers his PTSD—so he comes up with a plan to end the parties for good. But of course, it's not that simple. One retaliation leads to another, and things quickly escalate out of control, driving Tom and Willow apart, even as the parties continue unabated. Add to that an angsty existential crisis born of selectively reading his sister's Philosophy 101 coursework, a botched break-in at an artisanal pig farm, and ten years of unresolved baggage stemming from his mother's death . . . and the question isn't so much whether Tom Grendel will win the day and get the girl, but whether he'll survive intact. "Deep and uproarious all at once . . . A clever spin on a weighty classic." —Kirkus, starred review "An outstanding YA novel balancing comedy with substantial themes of love, death, and healing." —SLJ, starred review

Lights, Camera, Community Video Cabot Orton 2001 Citizens in towns across America have long struggled to find ways to discover and articulate a common vision for their communities. Our high-speed, hyper-individualized, Internet- and TV-dependent culture only complicates this struggle, making it difficult to invigorate the community spirit of the American town. In an effort to rejuvenate the community spirit, the Orton Family Foundation developed Community Video Projects to stimulate community dialogue and inspire citizen participation in community issues. A community video project uses the power and excitement of video to encourage residents to convene publicly to discuss the issues and opportunities facing their community and to consider choices regarding their future. Lights, Camera, Community Video will show you how to use video technology to both stimulate and document a community visioning exercise. It will guide you through equipment needs, getting the word out to the community about your video project, scheduling interviews, choosing filming locations, editing, and more. When the video is completed the community can come together for a public screening. This event will serve as a great opportunity to get feedback and to discuss the future of your neighborhood. This report includes pertinent information and ideas from the authors' own community video projects combined with additional reference sources. Also included is a list of references to help you produce your own video, regardless of prior experience. This report, sponsored by APA's Northern New England Chapter, includes a DVD containing the community videos from Swanton, Vermont, and Fruita, Colorado.

Why Business People Speak Like Idiots Brian Fugere 2005-03-02 Ole! If you think you smell something at work, there's probably good reason--"bull" has become the official language of business. Every day, we get bombarded by an endless stream of filtered, antiseptic, jargon-filled corporate speak, all of which makes it harder to get heard, harder to be authentic, and definitely harder to have fun. But it doesn't have to be that way. The team that brought you the Clio Award-winning Bullfighter software is back with an entertaining, bare-knuckled guide to talking straight--for those who want to climb the corporate ladder, but refuse to check their personality at the door. Why Business People Speak Like Idiots exposes four traps that transform us from funny, honest and engaging weekend people into boring business stiffs: • The Obscurity Trap: "After extensive analysis of the economic factors facing our industry, we have concluded that a restructuring is essential to maintaining competitive position. A task force has been assembled..." These are the empty calories of business communication. And, unfortunately, they're the rule. The Obscurity Trap catches idiots desperate to sound smart or prove their purpose, and lures them with message-killers like jargon, long-windedness, acronyms, and evasiveness. • The Anonymity Trap: Businesses love clones--easy to hire, easy to manage, easy to train, easy to replace--and almost everyone is all too happy to oblige. We outsource our voice through templates, speechwriters and email, and cave in to conventions that aren't really even rules. • The Hard-Sell Trap: Legions of business people fall prey to the Hard-Sell Trap. We overpromise. We accentuate the positive and pretend the negative doesn't exist. This may work for those pushing Ginsu knives and miracle Abdominizers, but it's dead wrong for persuading business people to listen. • The Tedium Trap: Everyone you work with thinks about sex, tells stories, gets caught up in life's amazing details, and judges everyone else by the way they look and act. We live to be entertained. We all learned that in Psychology 101, except for the business idiots who must have skipped that semester. They tattoo their long executive-sounding titles on their foreheads, dump pre-packaged numbers on their audience, and virtually guarantee that we want nothing to do with them. This is your wake-up call. Personality, humanity and candor are being sucked out of the workplace. Let the wonks send their empty messages. Yours are going to connect. Fast Company magazine named Why Business People Speak Like Idiots one of the ideas and trends that will change how we work and live in 2005. So grab your cape and sharpen your sword. It's time to fight the bull!
